

## MUCH HAVOC DONE

## BY HAIL AND RAIN

Coal Washed in Sewer Cellars Inundated, and Other Mishaps Caused by Storm.

A ton of coal washed into a sewer; a sewer covering completely forced from its moorings; two buildings struck by lightning; a score of cellars—among them that of the Fifth precinct police station—flooded; and hailstones as big as birds' eggs, were some of the freaks of last night's storm.

The storm was the heaviest which has visited Washington since that of July, 1915, and resulted in considerable damage. In addition, many sections of the city were left in darkness, and street car traffic was seriously interfered with for a time.

According to the Weather Bureau the storm was caused by a combination of low barometric pressure and a heavy atmosphere. During the storm, which raged all along the Atlantic Coast, 2.14 inches of rain fell, accompanied by hailstones, some of which measured three-quarters of an inch in length.

Here are some of the things which happened between 7 and 8 o'clock last night, when the disturbance was at its height:

## Fire Engines in Hail.

Fire engines dashed through the downtown section, the horses pelted and stung by the heavy hailstones, about 7:40 o'clock, answering an alarm turned in from Seventh and E streets. Arriving, the firefighters found that lightning had struck the flag pole on Hecht & Co.'s warehouse, 418 E street, and had set fire to it. The blaze, however, caused no damage and was soon extinguished.

Just before the Hecht building was struck, a bolt struck open the roof of the McCorty Five and Ten Cent store at Seventh and L streets, but did not set fire to the place. Considerable damage to the stock from impinging water, resulted.

The ton of coal which was washed away belonged to a Chinese laundry man, whose shop is on Fourteenth street, just below Florida avenue. The fuel had been dumped in the gutter, and formed a dam, behind which the water coming from surrounding grades backed up until piece by piece it forced the coal into a sewer.

A sewer near Fourteenth street and Pennsylvania avenue became so congested with water, that the iron trap was forced off. Confused by the storm, a young woman, who refused her name, failed to realize that she was about to step into the open trap, when Crossing Policeman Maddox saw her danger and stopped her just in time.

## Street Is Inundated.

During the storm, Kramer street northeast was practically inundated. Cellars overflowed when the sewer pipes proved inadequate to carry off the great amount of water.

Police of the Eleventh precinct reported considerable havoc among decorations in that part of the city where the Anacostia automobile parade and celebration was held Friday.

There were several accidents put down to the credit of the storm last night. Antonio Terranova was kicked by a horse when the animal became frightened at a clasp of thunder while in a stable in the rear of 628 N street northwest. The man was treated at Emergency Hospital.

L. H. Winslow today took a photograph of a big pile of hail which accumulated in a back room of his home during the storm, the door having been blown open. The pile consisted of hailstones ranging from the size of a pea to a filbert, measured thirty-two inches in length and sixteen inches wide, being eight inches in width. He says he intends keeping the photograph "as a souvenir of the summer of 1916."

## \$200,000 Chicago Fire.

CHICAGO, June 11.—Fire in the eight-story building of the Carter Ink Company, in the heart of the warehouse district, was fanned by a high wind early today and caused \$200,000 damage.

## KEEP YOUR BRUSHES CLEAN AND USE SPEISER'S SCALP TONIC

A noted scalp specialist, speaking of the prevalence of dandruff and similar manifestations of an unhealthy scalp, recommends first of all that hair brushes, combs, etc., be kept perfectly clean. The daily use of Speiser's Scalp Tonic is strongly urged, as it prevents the drying of the scalp, the primary cause of dandruff, itching, etc.

The use of soaps or any other preparation which contains alkalis, must be strictly avoided. Alkalis have a tendency to dry the scalp, which only makes matters worse. Coconut oil and all foaming solutions should not be used. Speiser's Scalp Tonic corrects abnormal conditions, kills dandruff, and relieves itchy, irritated skins. This wonderful preparation sells for 50c and is personally guaranteed by the proprietor of O'Donnell's Drug Store, 904 F Street—Adv.

## HUNDRED CIGARETTES A DAY RUINS MIND

Detroit Man Gave Up Everything to Smoke.

DETROIT, June 11.—Frank Winters, who smoked 100 cigarettes a day, has been committed to the Pontiac Asylum. The "incessant use of the cigarette" was declared by Dr. S. L. Layton, who examined Winters, to have affected his mind. Frequenting a saloon, Winters smoked until his supply gave out and his money too. After that he begged smokes from the customers, according to Joseph Berman, the proprietor.

Berman petitioned the court to have Winters taken to an asylum. A German by birth, Winters was getting along well in this country until the cigarette habit got the upper hand. Given jobs by Berman, Winters even lost his power of application to simple work.

## ALLIES TO ASSUME

CONTROL OF GREECE

Will Enforce Treaties Upholding Greek Unity and Constitution—Embargo Placed.

PARIS, June 11.—The Official Press Bureau states that the entente allies have notified the Greek government that as a result of its negotiations with Bulgaria and Germany they will take all measures necessary to enforce the treaties safeguarding Greek unity and the Greek constitution. These treaties are binding on the reigning dynasty, Greece being a constitutional monarchy.

In consequence the Greek commander of the port of Saloniki has been replaced by a French naval officer, and entry to the port has been closed to Greek ships from Kavala. Moreover, an embargo has been placed on Greek ships in French ports.

The demobilization of twelve military classes means the sending back to civil life of exactly half of the army, ordinarily composed of twenty-four classes. The mobilization has been unpopular from the first with the Greek people, owing to its harmful economic effects, and this is considered further to have influenced the taking of the step as well as the fact that the government hopes thus to gratify a large number of supporters of former Premier Venizelos in the army who desire to recover their civil rights.

## Ship's Crew Saved.

LONDON, June 11.—The crew of the Norwegian steamer *Erkendal*, sunk by a mine has been landed at Amsterdam, according to a dispatch received here today.

## COMPANY D MAKES

BEST SCORE IN SHOOT

Company C, Third Infantry, District Guard, Is Closest Competitor.

Company D, Third Infantry, National Guard District of Columbia, has been declared the victor in the rifle match shot on the Congress Heights rifle range yesterday. Company D's nearest competitor was Company C, of the Third Infantry, every one of whose

entrants passed the 20 score. Company D was the champion company of 1915 also. The scores were:

Company C—L. H. Gerber, 230; Tod Thomas, 219; A. M. Rogers, 217; W. U. Herbert, 208; Thomas Robertson, Jr., 201; total, 1,075.  
Company D—J. C. Jensen, 240; Thomas Brown, 235; J. D. Schriver, 219; Karl Schmidt, 209; G. L. Tait, 196. Total, 1,099.  
Although rain prevented many of the men of both companies from completing their course, these qualified:  
Experts—Company C, E. H. Gerber, A. M. Rogers, and Tod Thomas; Company D, J. C. Jensen, Thomas Brown, and J. D. Schriver.  
Sharpshooters—Company C, W. U. Herbert, Thomas Robertson, Jr., John Campbell, and E. M. Arnett; Company D, G. L. Tait, L. G. Berry, and Karl Schmidt.  
Marksmen—Company C, E. King, W. R. McEachran, Fred Norris, James Hammond, N. Tanner, and F. H. Hontag; Company D, A. W. Manger, L. Birch, N. F. Tucker, C. E. La Dow, and E. K. Hall.

## Flytrap for Every Home.

SAN ANGELO, Tex., June 11.—San Angelo's city commissioners will probably install flytraps in every home in San Angelo. This matter was seriously discussed at the last meeting of the commissioners. Six thousand traps is the estimated number it will take to supply the citizens. They can be placed at a cost of \$300.
